The Mason LINE

by Chan Mason

Channing Purdue Mason, who regularly conducts this column, is on vacation. He has taken his family and a well earned respite from business worries to the White Mountains of Arizona and thoughtlessly left this column in a lurch with only a two months notice. Meanwhile, the editor of the Review will fill in for Mason.

Since he is to be gone but ten days, it is likely that his pleasant column will be resumed early next month. For those of you who miss it as much as we do, you may read parts of it on the editorial pages of the Los Angeles Times almost any week. The Times' Kermit Hoover culls the weekly newspapers for interesting items and more often than not, a piece from the Mason Line is used.

The item in the current Times is the one Mason used several weeks ago about a mother who kept her little boy "angel" neater by tacking lace to the bottom of his blouse. That resourceful device successfully kept the lad's blouse neatly tucked into his trousers.

Some of the service club members have been inquiring as to the exact wording of the new Pledge of Allegiance to the flag. A change, which added the words, "under God" became effective on Flag Day. Here is the way it is said now:

"I pledge allegiance to the flag of the United States of America and to the Republic for which it stands. One nation, **under God,** indivisible, with liberty and justice for all."

—ML—

While on the subject of service clubs, wheels of the Rotary Club, Harry Griffen, its president, and Meyer Zung, the veep, took a day last week to demonstrate their prowess as yellowtail fishermen. All they proved is what everyone else already knew. Griffen snared a halibut three inches in length, and that included the hook. Zung didn't even get the first strike. Someone else aboard did all right though. He landed a 15 pound yellow and a 10 pound halibut. Naturally, it was Griffen's 7 year old son, Dudley.

—ML—

While the needle is stuck in the record on service clubs let me quote from a recent issue of the Kiwanigram which showed a reaction to the present state of local governmental affairs:

"So you want to annex to San Diego, a city which has just defeated every progressive measure placed before the electorate; a city which caters to the tourist trade yet refuses to provide a civic auditorium; a city which insists on paying its mayor a pittance; a city which refuses to recognize scientific advancement in the treatment of water to lessen tooth decay; a city whose court house and jail are nothing short of disgraceful; a city with one of the great natural harbors of the world, yet which can hardly be called a port city; a city which pollutes its beautiful bay with sewage; a city which passively watches the wealth of the great Imperial Valley channeled through other outlets!

"I'll take sarsparilla—or rather, Lemon Grove.

"Lemon Grove has attracted, and is still attracting, some of the biggest retail stores in the county. Shoppers who leave Lemon Grove to shop no longer do so by necessity. Our churches are growing in number and size. So are our service organizations. Our schools are competing successfully for the best qualified teachers. Lemon Grove has achieved an enviable reputation as a good place for teachers to follow their profession—a place where parent interest and cooperation are high; a place where appreciation is shown for a job well done.

"Yes, I'll take Lemon Grove where parents think in terms of providing for the recreational needs of youth, rather than in terms of providing more correctional institutions."

BWL Sets Up Season Schedule

The luncheon meeting of the Business Women's League was held at Michaels Steak House, Thursday, June 17, with president Mrs. Alfred Cole presiding.

A future ways and means project for beautification of the plaza was discussed. The time was set for Christmas club activities.

The first of several planned fund raising events was held Monday evening at the recreation hall of Leewood Trailer Court. A potluck dinner was enjoyed by members and their families.

All members were urged to attend the Lions Club Installation

San Diego Survey For Annexing Lemon Grove Starts This Week

O. K. Cope, assistant to the city manager of the City of San Diego said this week that work on the "annexation" survey would get under way this week.

A group of Lemon Grove men had petitioned San Diego to assess the cost it would incur to bring Lemon Grove up to standards required by the city. In turn, it is believed, the issue would be brought before the voters of Lemon Grove for decision.

Cope said that other areas at the fringes of Lemon Grove asked to be annexed and the survey had been held in abeyance long enough to study whether these areas should be included in the survey area.

Cope said that all taxing districts in the area to be annexed should be correlated as far as boundaries are concerned. Neighboring interests should be resolved to one package, he added.

John Dail, who heads the group which asked for the survey, said that should Lemon Grove annex, it would represent one of the largest such changeovers ever made. He pointed out that a study should be conducted to ascertain the advisability of annexing.

The Dimmer VIEW

by Max Goodwin

I had hoped the saga of the reluctant snake had died a natural death and—as far as I'm personally concerned, natural is the way it died, but some of the principals involved in the heroic snake battle about which I have written before, now aided and abetted by their lovely wives, have resurrected the affair.

It all started some weeks ago when O. L. Carpenter, builder of Helix and other high schools in this area, and Norman Lighthart, a realtor, told me, with wild gesticulations, how they beat the brains out of a "10 foot long rattlesnake" with a switch from an orange tree when the snake attacked them as they happily emerged from a local pub.

The story gained credence last week at the Grove Rotary Charter banquet when Carpenter, in the social hour which followed, called upon his sweet young wife to verify his story. He also called upon a couple of friends, Mr. and Mrs. Ed Strong, the building supply people, to corroborate the unlikely story, even though Stong was not present when Carpenter "treed" the snake.

Stong's testimony impressed me not at all because he had just committed a social faux pas, altho this was brought on by circumstances partly beyond his control.

This fall from social grace occurred when Rotary President Harry Griffen was making introductions around the festive board. After each Rotarian was presented, his wife was asked to stand and take a bow. The Stongs were sitting next to the Ed Singers, he of the County Road Department. Griffen announced Mrs. Singer, but did she rise? She did not. Ed Stong did! This caused considerable consternation in that Rotary never has, and as far as I know, never will repeal classification by gender. In fairness to Stong it must be reported that he stood only to get his huge feet off the bottom of Mrs. Singer's flowing net dress. However, only Mrs. Singer and Stong knew this.

In this aura of inappropriateness, Stong, his wife, and Mildred, Carpenter's wife, began their description of l'affair d' snake, complete with armstretching. Leaving out Carpenter's testimony on which he has already perjured himself, I carefully marked down the totals they ascribed to the object's length and girth. I added these estimates together and divided them by three to acquire an average measurement.

As nearly as I can ascertain the object which Lighthart and Carpenter "switched" to death was eight inches around the middle and two feet long. These intrepid hunters of the Helix Homelands wilds will be surprised as any to learn what they claimed to be a snake was a three pound salami.

Quaintness and eccentricity in a wealthy man are called rudeness and boorishness in a poor man, according to Stephen Westover, our town's newest columnist.

V. J. Dorman tells of the cantankerous husband who, after twenty Junes, insisted that his dinner at Michael's, June 26 at 7:30 p.m.

Lemon Grove Rotary Club is Given Charter

Bruce Shangle, District Governor of the Rotary; Joe Parks, master of ceremonies; Harry Griffen, new club's president and Dr. Walter Hepner, guest speaker, were the principals in the Charter Night ceremonies last week at Michael's when the local group gained official recognition.

—LENOX FOTO

More than 100 area Rotarians and friends took part in the chartering of the Lemon Grove Rotary Club by the Rotary International Tuesday of last week.

Sponsor of the event was the La Mesa Rotary Club with Joe Parks, a representative of the District Governor as master of ceremonies.

Several dignitaries graced the affair. Sidney Campbell, president of the La Mesa Rotary Club welcomed the new organization.

Attending ladies were given gardenia corsages as they entered the Acapulco Room at Michael's. Dr. Walter Hepner, Governor Elect of one of the Rotary districts gave the evening's address. He admonished the members to look upon their work as a calling.

"In my boyhood days," Dr. Hepner said, "everyone with a following or with a lifetime job described their work as a calling. This same word should apply to Rotary work," he said.

Bruce Shangle, who is Governor of the District in which the Lemon Grove Rotary is a part, made a presentation of the charter and of the gifts which the La Mesa club had given to put the local organization into motion. An acceptance speech by President Harry Griffen described the club's sincerity and humility in being accepted in the International.

Griffen introduced the officers and charter members and their wives.

Officers are Griffen, president; Meyer Zung, vice president; Andy Benson, secretary-treasurer; Andy Anderson McBailey, Dr. H. E. Sorteberg and William Zilker, directors of the board, and Rolla Hamilton, sergeant-at-arms.

Other members who also became charter members are Rev. Phillip Bartlett, George Bidwell, Elmer Boone, Hugh Ramsdell, Fred Scheneman, Bob Schrader, Charles Serr, Ed Singer and Edward Stong.

O. L. Carpenter, Ira Durham, Chet Holcolm, Carl Johnston, Bob Launer and Ed Loop.

Interwoven into the program was one of the smoothest master of ceremonies chores ever seen locally. Joe Parks, a member of the La Mesa club, tied together all the elements of the Charter Night and dished it up in a journeyman-like manner. Griffen's handling of the presidency connotes a long and successful future for the newly formed club.

In the social hour which followed, music, dancing and good fellowship prevailed. Ward Hutton and his ensemble supplied the music. The dinner, thick, tender steaks, won the approval of the guests.

The affair, most of the guests agreed, could serve as a pattern for similar get-togethers of other organizations.

The Rotary Club meets every Monday at noon at Michael's.

NEW MAIL SCHEDULE FOR LEMON GROVE

There will be a change in mail schedules for the incoming and outgoing mail for Lemon Grove effective July 1. Mail will arrive in this office at 4:30 a.m., 6:15 a.m. and 1:45 p.m. Mail going out to San Diego, Los Angeles, and eastern points, 4:30 a.m., 11:00 a.m. and 7:00 p.m. This new schedule will not alter the speed of your mail in any way. It will save the Post Office Department one round trip daily with a savings in dollars and cents.

Your mail will be delivered at the same time as now.

wife was now much too fat, only to be reminded that he promised to love her for better or for worse. "But not through thick or thin," he remonstrated.

Grove Theater Sold Again

Sale of the Grove Theatre has been announced by Emily Miller, owner of the property. Newest purchaser is the building firm of Langford and Long. The building had been under a 30 day agreement to purchase, on which the principals, an eastern family, failed to perform.

Spokesmen for the Langford and Long firm said that work of remodeling and renovation would begin immediately. Under present plans the theatre will reopen early in July.

Langford and Long have gained considerable attention in the area during the past two years in designing and building scores of well built, popular priced homes. They operate from a model building on Broadway and Harriet in Lemon Grove.

The Dixon LINE

By Friend Dixon

A Methodist layman who has been training church ushers for about ten years recently told an inter-denominational gathering of church ushers at Memphis, Tenn., that ushers can louse up a church service or make it more worshipful. No good usher uses strong after shaving lotion, wets his thumb when handing out bulletins, or grasps a lady round the waist, or holds her arm in showing her to her pew. He continued that ushering is no job for women—their high heels slow them down, and they cannot open or close windows quietly, or carry out hefty brethren who become ill. (Time Magazine). Political Post Mortems—The surpassing vanity of some of our political aspirants is rather revealing as to methods used to promote their candidacy. We see no good reason why pictures of the whole family have to appear in a political blurb. Why not include the cat, dog and the goat. And mentioning political literary immodesties, we quote from Psalms, Verse 11, wherein David writes, "I said in my haste all men are liars." We don't understand the hurry—the old boy could just as well have said it in his leisure.

One of our sweet neighbors commenting on the television appearance of the recent political contestants remarked that having looked them over and hearing them talk she felt no urge to vote for any one of them.

At a recent Business Men's luncheon the Chamber of Commerce was pretty well discussed. We do not know if anything constructive was offered, we were absent, but the present body now holding office for six months has not promoted anything worth while for Lemon Grove. There is in the offing a proposed shopping center adjacent to Lemon Grove, with an overall investment of three to five million dollars. If consummated, this deal

WATER MAINS TO BE FLUSHED NEXT WEEK

The Lemon Grove Waterworks will flush lines in part of our town Wednesday and Thursday. Muddy water may be expected on those days in the area south of Palm Street to Jamacha Road between Washington and Imperial starting Wednesday a.m.

Good advice . . . don't wash on those days.

Michael's to Grow Much Bigger, Fast

Further expansion of Michael's Cafe was announced this week by Henry Goldy as the firm took over the location on Broadway formerly operated as the Lemon Grove Linoleum Co. This address butts onto Michael's Coral Room and will increase the seating capacity of that room three times.

Simultaneously the firm is being incorporated and will continue expansions under the name of Michael's Enterprises Inc.

The corporation will handle food products catering to restaurants. Additional locations are being eyed by the firm and locations in possibly Las Vegas, Tijuana, Ensenada, Reno and Phoenix.

It is believed that the change in ownership of the Del Mar race track may result in Michael's acquiring a food concession there.

Over My Shoulder

By A. F. "TONY" SONKA

Mrs. Luella La Perle of 3380 New Jersey Ave. loaned me a newspaper dated June 17, 1938. The name of it was the Lemon Grove News and it chronicled the life and the times of our community very well in that era.

Just to bridge the gap between now and then I'll remind you that coffee was advertised in that issue for 27c per pound. It was Folger's Coffee too, and what's more, it was advertised by Sonka Brother's Store which is now the Shopping Center. In the same issue a large ad offered brand new Studebakers for $660.

The feature story was about the Lemon Grove Men's Club, the same one which has been recently revived and is doing such a good job of community study now. During that week, 16 years ago, the club played host to 80 elderly gentlemen whose age totaled 3,000 years. A scant handful of these fine old gentlemen are still alive who attended that Father's Day luncheon at the Orange Blossom Inn.

H. A. Anderson and I were in charge of the program. George Casteel was master of ceremonies. Forrest Warren, the San Diego Journal columnist, who later died

Vote on El Cajon Annexation Next Month

El Cajon Valley Irrigation District voted 15 to 1 to approve a bond issue for $2,750,000 which would build water distribution facilities in the approximate 6500 acres of the district. The vote was 775 to 52.

This system will ultimately be annexed, together with other land it serves, to the La Mesa, Lemon Grove and Spring Valley Irrigation District provided electors in both districts vote in favor of it when the district calls a special election July 20. In addition to giving vitally needed water of the Metropolitan Water District, of which La Mesa, Lemon Grove and Spring Valley Irrigation District is a part, it would mean giving security for the El Cajon bonds.

The land in the new El Cajon District is presently valued at $2.6 million. Property already in the district that will make up the new El Cajon district has been assessed this year at $4 million. This brings the new El Cajon district total assessed valuation to $6.6 million.

Voters will also decide on a new inclusion rate for the entire district. Present fee is $454 per acre. District authorities indicated that the new rate will be $322 per acre. Should that be the case all islands left in the present district will be eligible to join at that rate.

A final election to vote the included and annexed land into the MWD would be held near the year's end. This, it is believed, will be a mere formality if other elections are favorable to the annexation.

Rolando, which recently annexed to San Diego, is presently eyeing a petition which would withdraw it from the tax rolls of the LMLGSVID to avoid double water taxation. An area can only be withdrawn from such a district at such times that an area of at least equal wealth is annexed.

The district's board of directors beginning July 6, 1954 will sit for ten days as a board of equalization to hear protests on the new assessment totals.

Lemon Grove, which suffered an almost 100% increase in assessed values last year, has been increased again this year. 1953 valuations were set at 1.7 million, 1954 valuations were set at 2.9 million, 1955 valuations were set at 4.3 million.

Emmett Marshall says he can't help admiring the merchant in our town who advertised: "We have no quarrel with our competitors who sell for less. They should know what their stuff is worth."

Knuckle-Down Time in Grove Mibs Race

If there's any question as to whether or not the summer recreation program of the elementary school district is in full swing, this cozy little scene, with the adults all but outnumbering the youngsters, is good evidence.

Desmond Cole, Larry Larsen and Larry Hayes, dead-shots all, limber up the ole shooting thumb for the district marble tourney while Byron Netzley, school superintendent and Mike Calderone, director of the summer program look on.

Not to be left out of the fun and festivities that will bring supervised play for hundreds of district school kids during the vacation period, is Channing P. Mason, school board member. The program, enthusiastically endorsed by the school board, was originated by Calderone in conjunction with the Lemon Grove Woman's Club Juniors. They in turn developed it from action taken on the Lemon Grove Youth Control Board.

Regardless of who or where, it can be typified as a true community project with a lot of cooperation on the part of a lot of persons . . . and for the kids, a lot of fun!

The Lemon Grove School Board has approved a full time Recreation Program for Lemon Grove's youth during the summer vacation, according to Michael Calderone, Recreation Director. Final approval was based on the success of the part time program which was whole-heartedly supported by the parents as well as the kids.

The program will consist of sports instruction, crafts, and directed play from 9:00 a.m. to 9:00 p.m. every day of the week except Saturday and Sunday, under the supervision of Michael Calderone, Director, Louis Poluzzi, assistant, and Marian Batchelder, play leader.

Monday the schedule is:

9:00 a.m. to 10:00 a.m., Crafts—4th and 5th Grades.

10:00 a.m. to 11:00 a.m., Crafts—6th Grades and up.

11:00 a.m. to 12 a.m., Directed Play.

1:00 p.m. to 2:00 p.m., Baseball up to 10 yrs. League Play.

2:00 p.m. to 3:00 p.m., Baseball up to 12 years. League Play.

3:00 p.m. to 4:00 p.m., Tennis and Archery, all ages.

4:00 p.m. to 5:00 p.m., Rifle Instruction and Target Practice, all ages.

5:00 p.m. to 6:00 p.m., Baseball—League Play up to 14 years.

7:00 p.m. to 9:00 p.m., Junior and Senior Baseball — League Play.

Special activities have been planned for the summer such as baton twirling, every Monday and Wednesday at 1:00 p.m., under the direction of Mrs. Coanhour; tumbling, every Wednesday and Friday directed by James Berube; swimming, every Friday 9:00 a.m. to 3:00 p.m. at Mission Beach, transportation by school bus; each youngster is requested to bring sack lunch. A special learn to swim program has been created for beginners of ages 10 to 13 years. Instruction will be given at the La Mesa pool for a

Fair Diaper Derby Entries Being Taken

Entries for the sixth annual Diaper Derby, a popular perennial at past county fairs, are being accepted for the 1954 Southern California Exposition and San Diego County Fair at Del Mar.

The specifications are simple, according to Barney Newlee, special events director. The contestants must be human, under 12 months and able to crawl without coaxing. If the baby stands up, he is out.

Preliminary contests over a 15-foot course at the Fashion Theater will be held June 26 and 27 and July 3 and 4. Finals will be conducted July 5. Merchandise prizes will be awarded the winners. Every baby entering will receive a gift.

"I never feel ashamed of the gray in my hair," said George Casteel the other night. "I just think of all the fun I had putting it there."

MERIT AWARDS GIVEN TO 150 PUPILS

At a special awards assembly at the Lemon Grove Junior High last Friday morning, certificates of merit were presented to approximately one hundred and fifty boys and girls for membership in the school's citizenship clubs for three quarters. Ben I. Schei, school principal, assisted by Keith Dolan, boys' counselor, gave the awards from the stage of the auditorium.

At the same program, Officer Coates of the State Highway Patrol awarded honorable discharges to fifteen members of the sixth grade School Safety Patrol. He was assisted by John Wright, sixth grade teacher and faculty sponsor of the patrol which has worked diligently all year at dangerous crossings and crosswalks in the community.

Then Ben Seiler, boys' physical education teacher, gave letter awards to seventh and eighth graders who had earned high point averages during the year in sports. He was assisted by John Conlee, commissioner of boys' athletics.

Mr. Dolan awarded members of the student council and commissioners who had served the student body faithfully during the school year. The entire program was announced by Sue McDonald, present student council president.

A delicate situation in Lemon Grove club life comes when Lemon Grove Woman's Club Jrs. graduate to the senior organization. This change over comes at a break in age level and while we are quite sure the women would tell us what the age break is, our gentlemanly proclivities prevent us from asking it.

At any rate members who have now graduated to the basic group are Woman's Club Jrs. Mmes. Al Barstow, Robert Bailiff, Cyrus Butler and Paul Shipps.

Woman's Club President Mrs. David Hentigan is presenting the graduates from the Jrs. with a one year paid up membership in the Seniors. This is the first time paid memberships have been given the graduating Jrs. and will help in some small measure to compensate for Father Tempus who fugits awfully fast here lately.

Sam's Plumbing & Paint Comes To Lemon Grove

Sam Matson has come to Lemon Grove. What's more he's making his presence known in painting and plumbing circles in this area because he's opened a retail paint and plumbing shop in a building just west of the Big Ace market at 7206 Pacific. Name of the firm is Sam's Plumbing and Paint.

With Matson are Frank Penny who will run the paint section and William Jones who will be in the plumbing shop.

Matson has been in the Grove area since 1940, when there were few houses in Lemon Grove and lots of horses and cows. He has been a member of the Plumbing Union for 20 years and has been a Master Plumber for 7 years. While he has been contracting throughout the county for years, this is his first retail venture.

In addition to paint and plumbing supplies, the firm will carry garbage disposals, water heaters, water softeners and kindred items.

Matson feeds 6 young mouths, 3 girl children and 3 boys.

'Platter Parade'

By BOB TURNBULL

Ratner Recommends . . . Here are this week's recommended records: "Point of Order" and "Person to Pearson" by Stan Freburg (Capitol). Also "Brother John" and "The Deep Blue Sea" by Nelson Riddle (Capitol).

Handy . . . Tired? Bored? Crazy? Try a gag currently making the rounds among the teen-agers in Southern California:

Have a buddy of yours extend his palm. Take a ball-point pen and ink four dots on it. Then have him cup his palm and hold it to his ear. Ask him what he hears. He'll say nothing. Then you say: "Well, what did you expect—the Four Ink Spots?" (Kinda corny but it fills space).

Pardon My Blooper! . . . Remember that name, "Pardon My Blooper." That is the name of a long playing 33⅓ r.p.m. record that is currently creating a ruckus in New England. It is an album of Radio and TV's most hilarious boners. It was collected by Kermit Schafer, a radio and TV producer. (Jubilee Records).

This recording is a catalog of unintended indiscretions before the mike and camera in radio and TV. The material in this recording is authentic, and it contains types of boners known in radio and television by varied names such as fluffs, bloopers, slips, spoonerisms and flubs. The sources are from celebrities, announcers, actors, etc. from such programs as quiz programs, kid shows, news, disk jockeys, etc. Buy this album! It's great!

High School Budget Adopted By Grossmont

The Grossmont Union High School District Board of Trustees approved a tentative budget for 1954-55 of $2,287,430. $1,732,430 was approved for current costs of the educational program at Grossmont and Helix High Schools. Although 1954-55 current cost budget increased by $182,000 over 1953-54, the expenditure per pupil costs will be held at $354 which is the same amount budgeted for the present year.

Income estimates were as follows:

Beginning balance	$ 323,600
Federal	56,650
State	952,856
Local	954,324
	$2,287,430

The proportion of income from state sources decreased from 75% received last year because of increased assessed valuation. It is estimated that this budget will result in a tax rate of $1.00 to $1.05 although per pupil costs are to be held at $354.

Jesse Perry was found innocent of larceny by trickery by a jury in Sacramento which stayed out three hours. Perry was given $14,000 by mistake by a bank clerk in Santa Rosa. He took the money, he said, because he thought some relative had died and left it to him. "I really had a ball," said the empty-pocketed Perry. Loser: the bank's bonding company.—FORTNIGHT

NEEDY FAMILIES WILL GET VACATIONS FREE FROM SALVATION ARMY

More than 800 needy mothers and their younger children will receive free vacations this summer at the Redondo Beach Salvation Army summer facility which opens for an eight-week period July 8.

Applications are currently being accepted from deserving families with small incomes which preclude away-from-home vacations according to Lt. Colonel Frank Wilmer, Southern California Salvationist commander.

The camp provides excellent accommodations, substantial meals and a well planned program of activities for the children supervised by a professional staff, Wilmer stated.

One of the features of the "camp" is the procedure whereby each child is weighed upon entering and leaving the camp. More than one half ton gross weight was gained in 1953 at the Community Chest-supported agency.

"The Life of Riley" is recommended for the tired mothers who are given complete freedom from household responsibilities and for the management of their children while at camp, where they are served by uniform waitresses and where their only responsibility consists of enjoying themselves although some of the mothers volunteer for the "dish-wiping" detail "just to keep in shape."

Tureen Luncheon At Trinity Church

A tureen luncheon at 12:00 o'clock, will be served in La Mesa United Presbyterian Church Social Hall (today) preceding the regular monthly business meeting of the W.S.O. The hostesses for the day are Mmes. Wm. Seiners, John Devero and Frank Parter.

Mrs. Joe Townsend will give devotions and special program by Mrs. Rex Lawhead, who will tell the Mission Story.

Special music by the Chapel Choir under the direction of Mrs. Herbert Richter, who is also the organist at 9:30 Sunday Service.

Mrs. Jerry Learner, flower chairman has a few Sundays open. Please call her at HO 6 4428 if you care to "grace our Sanctuary" by celebrating a special occasion. The Deacons will take the flowers to any shut-ins or person you may request after the church service.

Plans are being made for an ice cream social this summer. Mrs. James Murphy is to be chairman.

Albert J. Costa, Oakland, to police arresting him on book-making charge—"Youv'e done me a favor. I was losing my shirt."

WRITING "FOR FUN" SHE ACHIEVES FAME

By R. E. Fitz-Gibbon

Wichita, Kans.: Minnie Jane Forster, 1425 Park Place—an amateur—has finished her fourth novel and is writing another!

Two previous books—"Lost Creek" and "Was 'The Hill Barren?"—already are available, nationally, through book-sellers; a third—"Love's Interm"—is to be serialized by regional magazines; the latest—"Ozark Fiddler"—is being offered by her writers' cooperative in San Antonio.

Minnie Jane Forster

"Writing is fun," she states, "and the good, the true and the beautiful still are basic to life in America. My characters—all normally vital and interesting—never become violent nor involved with the police; I intend to keep them that way!"

"Lost Creek," an example of her unblemished story-telling, is a romance—not a war story—of the days when Lincoln and Davis represented the North and the South of a divided Republic. Even though cannon may be heard in the distance, it is a saga of two young people who surmount almost insurmountable obstacles ultimately to find that tranquility to which all lovers should be entitled.

It begins and ends in a valley of a little stream emptying into the Neosho River in Southwestern Missouri: in the Ozarks. Its humanitarian hero, later involved in the War Between the States as an aide to President Lincoln, is taken prisoner by the Confederates; eventually is released; leaves for India (thinking that his beloved has married) from whence he travels to Burma.

Meanwhile, the heroine—whose rugged and headstrong father has intercepted the "young renegade's" letters—successfully founds the school which together they had planned, and each is busily happy in his or her own remote corner of the world until thought of the other intrudes. Eventually, of course, they come together: John returns, through nostalgia, and learns the truth . . .

The telling—in which there are glimpses of mountains and unforgettable characters—is so well paced that no brief review can convey its vibrant life to those who prefer wholesome reading. In it—as an enduring contribution to Americana—is implicit that understanding, that "deep and abiding faith," which marks those who themselves are "true and good and beautiful" and who understand (and, consequently, forgive) the rest of us.

In spite of her writing activity, Mrs. Forster travels widely, still finds time for church work, charities and assistance to struggling authors. Upon request, she will donate copies of her books to public and school libraries.

Programs Now Available Locally For Dogs

Programs will be available from about 2:30 p.m. each day.

Grove Riders To Take Part In Coronado Parade

Bob Harness, La Mesa councilman, will ride at the head of one of the twelve divisions in a parade in Coronado on Monday, July 5, one of the highlights of that City's three-day Fourth of July celebration, which will include several riders from Lemon Grove. The parade will start at 11 a.m. at First st. and Orange ave. Also in line will be the Aztec Riders, Allied Acadamettes, La Mesa Junior Baton Corps, Bernice Chambers, Western Riders and Tommy and Patty Corle of Lemon Grove. The La Mesa Recreation Park Department will have a float in line.

Horsemen and riding groups from all sections of Southern California will take part. There will be bands, floats, drill corps, military units, majorettes, accordion bands, bagpipe bands and novelty features.

The celebration will start on Saturday, July 3. There will be a Sports Ball on Saturday evening at the Hotel del Coronado, with Marla English, Paramount starlet as a special guest. Music will be by the Continentals. The Ball is open to the public without charge.

Other events scheduled are exhibition tennis matches at the Hotel on Sunday morning with square dancing by members of the Circle and Star Club between sets; a special movie program at the Village Theatre at 5:40 p.m. and an elaborate forty-five minute fireworks display starting at 9 p.m. on Glorietta Bay.

Following the parade on Monday Monty Hall's Tiny Tots will present a program at the City Park, there will be a water ski show in the afternoon, a Helicopter rescue by the U. S. Coast Guard, a Little League baseball game with the Padre players on hand to autograph baseballs and an exhibition by Fon Jon Kennels.

The entire celebration is free and residents of Lemon Grove are invited to attend all or any of the events.

Big Crowd Turns Out for Dancin' Dudes Party

Friday was party night at the Dancin' Dudes Square Dance Club. There was a large attendance of members and guests. Guest callers for the evening were: Helen Mighetto, Juan Frank, Roy Close, Clarence Montgomery, Don Frank, Van Vanderwalker.

New members to recently join the Dancin' Dudes were: Bob and Dorothy Adolph, Kathy and Ray Davy and Maurice McCormick. These were very welcome additions as the club is always glad to receive new members.

Don't forget to attend the picnic at Felecita Park on Sunday June 27 from 10 a.m. until 9 p.m. Bring a basket lunch and cups as coffee will be served by the club. There will be square dancing. Come and bring your family and friends.

Sunday Breakfast Is Dining Room Feature

Sunday breakfast is one of the features of Sweetwater Dining Room on Jamacha Road at Sweetwater Springs Blvd. just east of Lemon Grove.

The dining room was recently reopened after complete renovation by Joe Eaton.

The Sunday breakfasts will feature french pancakes, toast, sausage, eggs and coffee for $1.00.

Right of Way Agents Sought for State Highway Program

In connection with California's highway building program, the State Personnel Board has scheduled a civil service examination for assistant right of way agents with the Division of Highways.

The state wants men with two years' experience in the acquisition of lands and rights of way or three years in the transfer and sale of real property, right of way engineering work or in title examining. General real estate experience is not considered qualifying, the board said. Salary range is $395-$481 monthly.

July 2 is also the final application date for assistant transportation representative, which pays $395—$481. The position, with the Public Utilities Commission, requires knowledge of statutes and rates and at least three years' experience in traffic or transportation work.

Other examinations are for assistant and associate bridge engineers at $415—$505 and $505—$613 respectively.

Official application forms and additional information may be obtained at the Department of Employment on Columbia st. in San Diego.

NEARLY 100 INITIATED IN RECORD SHRINE INSTALLATION

The famed Oriental Band of Al Bahr Shrine Temple played an active role in initiation ceremonial for new San Diego County Shriners last Saturday evening, when nearly 100 candidates were admitted to the fraternal organization during an impressive ceremony in Mission Beach Ballroom.

SAN DIEGO (Special)—Shriners from throughout San Diego and Imperial Counties took part in the largest Shrine installation ceremonial ever held in San Diego County, when nearly 100 candidates won the coveted red fez in colorful initiation rites in the Mission Beach Ballroom Saturday night.

Illustrious Potentate Howard Carroll, of San Diego's Al Bahr Shrine Temple, presided at the evening affair, which was attended by over 3,000 Shriners representing temples throughout California, Arizona, Nevada, and Oregon. Largest single visiting delegation, numbering over 300, came from El Bekal Shrine Temple in Long Beach.

Prior to the installation program, over 500 Shriners took part in a parade through downtown San Diego. Included were bands from Al Bahr and El Bekal Temples and 30 uniformed marching groups, including units representing San Diego and Imperial County Shrine Clubs affiliated with Al Bahr Temple.

Honored at the initiation ceremonies were past potentates of Al Bahr Temple; members of the Divan, governing body of the group; and presidents of Al Bahr's Shrine Clubs. Club presidents honored at the affair included Earl Holmes, Mt. Helix Shrine Club; Marvin Lewis, Imperial Valley Shrine Club; Ervin Sklar, San Luis Rey Shrine Club; Carmen Nepaltane, South Bay Shrine Club; Myron Gean, Palomar Shrine Club; and Lynn Oviatt, Al Bahr Downtown Shrine Club.

Master of ceremonies for the program was R. Victor Venberg. The affair was under the direction of Peter L. Cooper, director general of Al Bahr Shrine Temple. He was assisted by Al Bahr Director Richard Quiggle.

Quiggle's staff, numbering nearly 40 men, spent over six weeks preparing for the ceremonial program, Carroll explained. This group, working under the supervision of Potentate Carroll and Director Quiggle, designed and constructed the Oriental sets used in the program. Temple dancers and Al Bahr's famed Oriental Band contributed to the color of the traditional Shrine pageantry.

State Sets Exams For Top Posts In Tuberculosis Fight

Two top jobs in California's fight against tuberculosis will be filled by civil service examinations next month, the State Personnel Board said today.

Applications will be accepted for chief of the bureau of tuberculosis, with a monthly salary range of $821 to $1050, and public health medical officer III, specializing in tuberculosis, which pays $745 to $1000.

Requirements for the position of chief of the bureau of tuberculosis include at least three years' experience in a public health tuberculosis control program and eligibility for a certificate in preventive medicine and public health, internal medicine or radiology.

To qualify for the examination for public health medical officer, applicants must be eligible for a certificate in preventive medicine, internal medicine or radiology.

The personnel board announced three other examinations with an application deadline of June 25: assistant counsel, salary range $436-$530, to fill legal positions in several state agencies; assistant mechanical engineer, $415-$505; and highway equipment superintendent I, $505-$613.

Application forms and additional information may be obtained at personnel board offices, the Department of Employment on Columbia st. in San Diego.

S. D. New Library Open House is Sunday

San Diego's new $2,000,000 Central Library building will be on parade Sunday, when dedication ceremonies and an all-day open house are scheduled. This will be the first day the building has been open to the public and everyone is being invited to come and see, according to Miss Clara E. Breed, city librarian.

The library is located between 8th and 9th on E street.

Immediately following this ceremony, the library doors will open for the open house which will last until 9 p.m. Members of the staff of the entire San Diego Public Library system will serve as hosts and hostesses for the event.

Some people live alone and like it. Most who live alone, look it—according to Howard Stiner, our town's contractor.

A factory employing 150 people would generate enough business in the average California community such as Lemon Grove, to support between 1,000 and 1,200 persons, according to a study released today by the Pacific Central office of the National Association of Manufacturers.

Residents earning their living as a result of the factory would need 300 homes, and about 320 automobiles, the NAM report says.

Families gaining a livelihood because of the factory would have enough children for an 18-room school.

At the same time, the study continues, the people would support 33 stores and would allow 23 professional people to live and serve in the community.

Such a factory in a typical California community would pay approximately $53,000 to local transportation facilities to move the goods produced, would lay down a revolving payroll of some $200,000, and establish a tax base of approximately $2,500,000.

On the matter of taxation, the NAM urges that certain federal tax reforms be accomplished to allow firms to accumulate sufficient capital to provide for this needed plant construction and community expansion.

In addition, points out the NAM, the people supported by the factory would buy the produce of some 6,000 acres thus involving the farmers in the area around the town.

The study was released by the NAM to demonstrate that it believes many California towns have it within their power to make their local economy strong and stable.

"Many firms concerned with decentralization and the benefits of being a 'hometown' company are locating in smaller communities," reports the NAM. "Such companies provide likely prospects for alert communities which are eager for sound development and healthy growth."

Mary Conlee Wins Kiwanis School Award

Mary Conlee, daughter of Mr. and Mrs. James Conlee, 6902 Radio Road, Lemon Grove, was awarded the $25.00 government bond by the Kiwanis Club at last week's Lemon Grove Junior High graduation. Luther Hussey, who made the presentation to the school's outstanding scholar, praised Miss Conlee's perfect scholarship record during her years at Lemon Grove School. She is the fourth in her family to be graduated from here.

Byron L. Netzley, district superintendent, made the presentation of the annual citizenship awards. Gloria Castellanos, daughter of Mr. and Mrs. Thomas Castellanos, 7927 Imperial, Lemon Grove, was named the girl from the 1954 graduating class who had achieved the highest rating in citizenship.

Vernon Mayes, son of Mr. and Mrs. Vernon Mayes, 3275 New Jersey, Lemon Grove, shared citizenship honors as the boy of his class, selected by the faculty, as the best citizen. Selection of awards was based on responsibility, industry, cooperation, and courtesy. The names of these two students have been engraved on the perpetual trophy on display at the school office.

Grove Boys to Attend YMCA Camp

BACKYARD OVERNIGHT PLANNED FOR M. H. GIRL SCOUTS

Girl Scout Troop No. 863 of Monterey Heights will enjoy an over night in the back yard of their leader's home, Mrs. John T. Craig. Each girl will bring a hot dish for the supper and breakfast of eggs, toast, and hot chocolate will be furnished through the troop funds. The girls are working on their Back Yard Camper badge.

Each girl was pleased to have won her badge for seamstress, Homemaker, Cook, Folk Dancer, and Second Class at the Court of Awards on June 1, 1954. Also receiving special awards for perfect dues record were Carol Boyle, Kathey Pearce and Mary Jorgenson, perfect attendance record was Susan Stevens, and perfect uniform record were Sharon Davy, Kay Hildebrand, Doreen Latulippe, Barbara Moe, Kathryn Pearce, Susan Stevens, Sharon Sommerville, and Mary Jorgensen. The girls picked the Pine Tree for their troop crest.

"Highland Lads And Lassies"

By BOB TURNBULL

"The Pastones" . . . If anybody is ever in need of a sharp playing combo the fellow to see is yours truly. I have the privilege of being business manager for "The Pastones," one of San Diego's top dance combo's and I think our band is just about the coolest of them all. We are available any night of the week this summer and we guarantee top music notes from our instruments of entertainment. The number of players in the band varies with the occasion. The regular guys are Fred Stemen (piano), Pat Ferguson (drums), Don Lewellan (bass), Danny Acenas (trumpet), Dick Burdell (sax), and Steve Hill (sax). So any time you hear of someone in need of a band that can play fox-trots, jazz, waltzes or tango's you just refer them to me and I'll line them up with the greatest. The number at my pad is HO 9 3448 and the address is 3251 Kempf st. Thank you!

Contest-Time . . . Well here it is again. Contest time! But wait a sec! This time it's something different. Here's the scoop:

As writer of this column I feel it necessary to change the heading from "Highland Lads and Lassies" to another title more appropriate. Last Thursday night I was graduated from Helix. At present I can claim no school. Therefore it would only be right that I change the heading away from Helix to another name more suitable that would take in every school with Helix as the backbone. So the deal is as far as the contest goes that I want someone to name a new title for my column. Here are the rules: (1) Print your suggestion for a new title on a plain piece of paper. Print your name, address and phone number on the paper, too. Include the date line from one Lemon Grove Review newspaper. Mail to Bob Turnbull, in care of The Lemon Grove Review, P. O. Box 146, Lemon Grove, California. Envelopes must be postmarked before midnight, July 9 (Friday). (2) Enter as many titles as you wish. Write each entry on a separate piece of paper. Each entry must be accompanied by a date line from a Review paper. The heading should be kept down to a minimum of four words. (3) Suggestions for the new title will be judged on basis of originality, uniqueness and suitability for the type of column I write. Decision of this newspaper is final. The prize (a secret until the winner has been notified) will be one that can well be used by the winner. It'll really be a whooper, too. So let's get on the ball and come up with some cool names.

—o—

Actor Receives Scholarship . . . Congratulations are in order for Dennis Lee Hopper of 3224 Massachusetts Ave., Lemon Grove, who recently received a scholarship from Craig Noel, director of the Old Globe theater. The scholarship, one of four given away, was a San Diego National Shakespeare Festival scholarship. Dennis is a graduate of Lemon Grove and Helix.

—o—

Senior Stand-Outs . . . Here are this years Helix senior standouts. They received this honor in our annual. A poll was conducted a month or so ago in the senior class and the following students (or alumni) are the standouts (the names in dark print are the property of Lemon Grove): Best groomed—Gayle Meador and Jim Marcoux; Best figure and physique—Marilyn Hawkins and Jim Ethridge; Prettiest eyes—**Valerie Hoard** and **Lloyd Perkins**; Best smile—**Carolyn Oliver** and **Bernie Svalstad**; Service to the school—Marylyn Sharp and Mike Spinazzola; Best all around—**Donalda Beebe** and Jim Hutchens; Scholarship—**Marlene Dawson** and Bob Tilling; Most likely to succeed—**Dianne Lairsey** and **Dennis Hopper**; Prettiest hair—Irene Hislop and **Brian Herald**; Friendliest—Sandy Whaley and Buddy Davis.

'BILL' TAKES POETIC VIEW OF CHISELERS

With business slackening off just a little the boys with the chisel are out again. They usually roam from competitor to competitor comparing prices and trying to reduce them to an insultingly low level.

In honor of such activities, William Nienaber, operator of Bill's Self Serve dug this piece of doggerel, the author of which is unknown:

TEN LITTLE CHISELERS

Ten little chiselers, cuttin' all the time—
One cut a little more, then there were nine.
Nine little chiselers, feelin' kinda great—
One forgot overhead, then there were eight.
Eight little chiselers, looking up to heaven—
One took a credit risk, now there are only seven.
Seven little chiselers, thought they could mix—
One spoke out of turn, now it leaves six.
Six little chiselers. all still alive—
One cut the price again, now we have five.
Five little chiselers, crying for more—
One couldn't pay his bills, now we have four.
Four little chiselers, all full of glee—
One forgot the pattern, so now we have three.
Three little chiselers, did not know what to do—
One met a low price, now there's only two.
Two little chiselers, a'cuttin', by gun—
One cut the other's throat, now we have one.
One little chiseler, left upon the fence—
He'd quit chiselin' if he hada licka sense,
For his chiseling profits will lead him in the red,
If he doesn't quit chiselin' and get some brains within his head.

SCHENEMANS BACK FROM SPEEDWAY RACES

Mr. and Mrs. Fred Scheneman and son have returned from a visit to Indianapolis, Indiana, where Mr. Scheneman attended the 500 mile Memorial Day races, and spent the following two days at the Perfect Circle Ring Corporation in Hagertown, Indiana, while his wife visited her sister, Mrs. Charles Davis.

Returning by way of Lake Charles, Louisiana, they were guests of relatives there and in El Paso, Texas.

Rev. Apra Family Attending Convention

Ginnie Apra is a delegate to the national convention of Congregationalists, which is being held this year on the campus of Yale University.

Attending the convention with her is Rev. Dan Apra, her husband, who will carry the status of visitor.

The biennial event attracts more than 2500 delegates and 2,00 visitors from all over the United States. The eight day convention will set policy for the denomination for the coming two years.

Successful acquisition of four and one-half million dollars for the building fund will be announced as a highlight of the meeting, Mrs. Apra said.

When you start out in your car this month, remember that recreation is all right if you don't try to wreck creation, warns Bill Nienaber, local gas and oil tycoon.

Civil Defense Notes

Charles Gurley HO 6-3745

The latest word is no longer on shelters or on evacuation but it is on dispersal. After considerable thought and careful evaluation of all possible plans to minimize the possible damage from atom or hydrogen bomb or any other disaster, it has been decided that the best possible answer lies in dispersal, so far as saving of lives is concerned, according to information released yesterday by Dr. Frank B. Gigliotti.

"We now have been promised at least four hours advance warning" said Dr. Gigliotti, "and that should give us sufficient time, if we act promptly, to allow us to disperse in an orderly manner and to get far enough away from the bomb target or the center of the scene of any disaster of any kind."

Civil Defense officials are continuing the study and consideration of all possible plans and welcome any and all suggestions from whatever source they may come, but there are a great many things to be considered in any plan which may be adopted, routes, traffic, military requirements, and hundreds of others including the expense of any possible suggestions.

Vacancies Open in Cal. National Guard Reserve Military Police School

The public—but not women—is invited to participate in—or observe the rifle marksmanship course now being offered those who are attending the Civilian Military Police School sponsored by the National Guard Reserve in San Diego.

All citizens who wish can attend the seven week course each Wednesday night at eight o'clock at the National Guard Armory, 638 Kettner Blvd., Lieutenant Colonel Barton Berrier, Chief Instructer, has announced.

The school was organized several weeks ago to provide men experienced as Military police to assist military and civil defense authorities in event of emergencies. Most of the enrolees are veterans.

There are still some vacancies and men desiring the course may apply at the Armory any Wednesday night to Colonel Berrier, between 8 and 10 o'clock.

Break-Down Given On El Cajon Low School Bid

A break-down of the successful bid for the new high school for El Cajon Valley has been released by the Grossmont School Board.

O. L. Carpenter Company of Lemon Grove was awarded the contract. Carpenter submitted low bid of $1,859,769, plus an alternate of $8,000 for aluminum windows. The school, designed for 1800 students, is planned for completion in September, 1955.

Fourteen buildings totalling over 139,589 square feet are included in the construction project.

The construction cost of the buildings, excluding equipment, built-in cabinets and site development was $10.89 per square foot. Total gross cost was $13.38 per square foot. Similar construction at Helix cost $17.00 per sq. foot.

Ground breaking ceremonies are being planned for the near future.

Other action taken by the board were to approve continuation of present fire insurance policies by which coverage is divided among agents who represent reputable companies and who maintain an office in the district.

Red Cross Column

By CHARLES GURLEY
Public Information Chairman

So far as we have been able to learn only three Lemon Grove ladies attended all three days of the American Red Cross conference in Los Angeles last week: Mrs. G. R. Roberts, Mrs. A. P. Schnell and Mrs. L. D. Newton but all three of them agree it was well worth the time, effort and expense.

"Among the things that impressed me most," said Mrs. Roberts "was the brilliance of the young members of the Junior Red Cross. We certainly are fortunate in having such a fine group of youngsters to carry on our work."

There were any number of brilliant speakers, the report by E. Roland Harriman, Chairman, American Red Cross, was definitely outstanding as also addresses by Miss Patricia Lynch, of Erie, Pa. Junior Red Cross and Donald D. Lozabnick, president of Stanford University Student body.

Another feature which impressed the ladies from Lemon Grove was the entertainment provided by the Hollywood High School choir with numerous musical selections.

Re the Proposed Annexation) to the Lemon Grove Sanita-) tion District.
RESOLUTION OF INTENTION TO ANNEX UNINCORPORATED TERRITORY TO THE LEMON GROVE SANITATION DISTRICT AND NOTICE OF HEARING THEREON

On motion of Supervisor Bird, seconded by Supervisor Howell, the following resolution is adopted and notice is ordered by the Board of Supervisors of San Diego County;

WHEREAS, certain owners of property in unincorporated territory of the County of San Diego contiguous to the Lemon Grove Sanitation District, have asked that their properties be annexed to said Sanitation District under the provisions of the County Sanitation District Act; and

WHEREAS, it is proposed that the properties of said persons be annexed to said Sanitation District; and

WHEREAS, the County Boundary Commission has approved the boundaries of the proposed annexation (Document No. 169529); and

WHEREAS, investigation of the proposed annexation by the Division of Engineering of the Department of Public Works discloses that said property is contiguous to said Sanitation District and that it would be desirable and feasible to sewer said property by extension of said District's lines (Documents Nos. 158588 and 171111);

NOW THEREFORE

BE IT RESOLVED AND ORDERED:

(a) That it is the intention of the Board of Supervisors of the County of San Diego to annex to the Lemon Grove Sanitation District under the provisions of the County Sanitation District Act all of that contiguous unincorporated territory of the County of San Diego, none of which is now included in any other county sanitation district or other district or districts formed for similar purposes, bounded and described as follows:

All that portion of the unincorporated territory of the County of San Diego, State of California, described as follows:

AREA NO. 29, MAIN STREET ET AL, LEMON GROVE
Re the Construction of Side-) walks and Curbs in a Por-) tion of the Unincorporated) Area of the County of San) Diego, Area No. 29; Resolu-) tion of Intention.)

WHEREAS, the report, as modified, prepared pursuant to Division 4 of the Streets and Highways Code (Special Assessment Investigation Limitation and Majority Protest Act of 1931) covering the proposed improvement, including grading and installation of sidewalks and curbs in Main Street et al, in the vicinity of Lemon Grove, in a portion of the unincorporated area of the County of San Diego, Area No. 29, is on file in the office of the Clerk of the Board of Supervisors of the County of San Diego, Room 308, City and County Administration Building, 1600 Pacific Highway, San Diego, California, and may be examined at said office; and

WHEREAS, on May 11, 1954, the Board of Supervisors adopted a resolution entitled "Resolution: Making Finding in Debt Limitation Proceeding and Appointing County Surveyor as Engineer";

NOW, THEREFORE, on motion of Supervisor Howell, seconded by Supervisor Bird,

IT IS HEREBY RESOLVED that public interest and convenience require and it is the intention of the Board of Supervisors to order the following work to be done and improvement to be made, to-wit:

The grading and construction of sidewalks and curbs in

MAIN STREET—That portion of the westerly 10 feet of Main Street lying between a prolongation of the center line of Central Avenue as shown on the Map of Foran Manor Unit No. 2, No. 2449, filed in the Office of the Recorder of San Diego County, and the easterly prolongation of the center line of Burnell Street as shown on the Map of the Resubdivision of Bryan and Braiden's Addition to Lemon Grove, No. 1179, filed in said Recorder's office.

CENTRAL AVENUE—That portion of the south 10 feet of Central Avenue lying between the west line of Main Street and a line that is parallel with and distant 18 feet at right angles west from the west line of said Main Street; together with that certain triangle bounded by the curve forming the Northeasterly line of Lot 48 of said Foran Manor, and the Easterly prolongation of the north line of said Lot 48 and the northerly prolongation of the east line of said Lot 48.

All of the said work hereinbefore generally described shall be constructed in the manner, at the locations, within the limits, of the materials, and of the dimensions as shown upon and in accordance with the plans, profiles, drawings, typical cross-sections and specifications therefore, bearing said Road Improvement District number 6002, contained in Document No. 171209, on file in the office of the Clerk of the Board of Supervisors of San Diego County, and copies of which are on file in the office of Joseph H. Mack, County Surveyor, and by this reference thereto, all said plans, profiles, drawings, typical cross-sections and specifications are made a part hereof.

The said Board hereby determines and declares that serial bonds shall be issued to represent each assessment of twenty-five dollars or more remaining unpaid after the full expiration of thirty days from the date of the recordation of the warrant, to represent the expenses of said work and improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding the next October 15th following their date, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January every year following the next October 15th after their date until the whole is paid. Said bonds shall bear interest at the rate of six percent per annum, interest payable semi-annally by coupon, on all sums unpaid until the whole of said principal and interest are paid. Said bonds shall be issued and the principal and interest thereof shall be paid under and in pursuance of the Improvement Act of 1911 and amendments thereto.

That the contemplated work and improvement hereinbefore mentioned is in the opinion of said Board of more than local and ordinary public benefit, and the expenses of such work and improvement are made chargeable upon the district hereinafter described, and said Board does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to wit: All that real property in the County of San Diego included within the exterior boundary lines of said district, as shown upon that certain Map bearing Road Improvement District Number 6002 entitled "Plat showing the extent of the territory benefited by and to be assessed to pay the costs and expenses of street improvements in Main Street, Lemon Grove, in a portion of the Unincorporated area of the County of San Diego," indicating the exterior boundary lines of such district, which map, approved by the Board, is on file in the office of Joseph H. Mack, County Surveyor, Engineer herein, City and County Administration Building, Room 306, 1600 Pacific Highway, San Diego, and a copy of which is on file in the office of the Clerk of the Board of Supervisors as Document No. 171210, excepting therefrom all public streets, roads, alleys, avenues and highways. Reference is hereby made to said map for a particular description of such district.

That it is the opinion of said Board that the public interest will not be served by allowing the property owners to take the contract for the work to be done under these proceedings.

NOTICE IS HEREBY GIVEN that on Tuesday, the 29th day of June, 1954, at 11:30 o'clock a.m., in the Board of Supervisors' chamber in the City and County Administration Building, 1600 Pacific Highway, in the City of San Diego, California, any and all persons having any objections to the proposed work or improvement, to the grade at which said work is to be done, or to the extent of the district to be assessed to pay the costs and expenses of said proposed work or improvement, may appear before said Board of Supervisors and show cause why said proposed improvement should not be carried out in accordance with this Resolution.

Such protest, if any, must be in writing, and must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and shall be delivered to and filed with the Clerk of the Board of Supervisors in Room 308 in the City and County Administration Building. No other protests or objections will be considered.

That the said Clerk be, and she is hereby directed to cause this Resolution of Intention to be published twice in the Lemon Grove Review hereby designated for that purpose by the Board of Supervisors.

That the said Clerk be, and she is hereby directed to mail notice of the adoption of this Resolution of Intention, postage prepaid, to all persons owning real property proposed to be assessed, whose names and addresses appear on the last equalized County Assessment Roll, or as known to the Clerk, all in the time, form and manner required by law; if property assessed by the State under Section 14 of Article XIII of the Constitution is proposed to be assessed, such notice shall be mailed to every owner of such property at the address thereof shown on the last board roll transmitted to the County Auditor as required by Section 5070, Streets and Highways Code.

The Clerk of the Board of Supervisors shall, upon completion of the mailing of said notices, file with the Board of Supervisors an affidavit setting forth time and manner of the compliance with the above requirements for mailing such notices.

That the County Surveyor, Engineer herein, shall, after the adoption of this Resolution of Intention, cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet in distance apart, but not less than three in all, notices of the passage of this Resolution of Intention, and when the work to be done is only upon an entire crossing or intersection, or any part thereof, he shall cause such notices to be conspicuously posted in front of each quarter block or irregular block liable to be assessed, and when the work is chargeable upon a district, he shall cause such notices to be conspicuously posted upon all open streets within such district at not more than three hundred feet in distance apart on each street so posted; all in the time, form and manner required by law; and thereupon said Engineer shall cause to be filed in the office of the Clerk of the Board of Supervisors, an affidavit showing the posting of said notices of improvement.

All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California, designated as the "Improvement Act of 1911," and amendments thereto.

PASSED AND ADOPTED by the Board of Supervisors of the County of San Diego, State of California, this 9th day of June, 1954, by the following vote:

AYES: Supervisors Bird, Robbins, Rossi, and Howell

NOES: Supervisors None

ABSENT: Supervisor Gibson

S. M. SCHOOL GETS TREE FROM GIRL SCOUTS

Girl Scout Troop 896 presented $5 to Principal Robert Sutton of San Miguel School last week as a contribution toward buying trees for the school yard. The troop, led by Mrs. McCormick, chose this as one of their community projects for the year. Either a Sweet Gum or a Liquid Amber tree will be planted.

LOCAL MAN EARNS CHIEF RATING

Wayne H. Smith, AO1 (A.P.), one of 500 enlisted pilots in the Navy, was promoted to Chief Wednesday, it was happily announced by his family.

Chief Smith has been stationed at Operations Department of the Naval Air Station, North Island, for two years and has 14 years of service.

He graduated from Flight School in Pensacola in 1946 and has flown patrols on both coasts and Bermuda, Guam, Samoa, Wake Islands, Japan, Korea and Saigon.

He was stationed in Hawaii for two tours of duty and participated in the Korean air-lift.

Chief Smith, his wife and two daughters reside at 6739 Hibiscus Dr.

Juniors Walk Off With More Awards

Again the Lemon Grove Woman's Club Juniors have walked off with awards. Received at the San Diego County Federation conference last week were a 2nd place for Youth conservation, 2nd place for International Relations and a 3rd place for Literature with a special award being given in the field of Citizenship.

Approximately 20 members of the Lemon Grove Juniors attended.

WHAT'S DOING

New cable sheath saves money

If you look closely at the telephone cables in the picture—both similar to the ones that carry your calls—you'll see a difference in their coverings. The outside of the cable on the left is made of lead. And, formerly, only lead did a good job of protecting the vital wires inside. But now we have a new cable covering called "stalpeth" (the one on the right). Perfected after long research, it's made of aluminum, steel, and plastic. Stalpeth weighs less than lead and costs less—up to 43 cents a foot less. We're using it wherever we can . . . to furnish more service, good service, at low cost to you. Pacific Telephone works to make your telephone a bigger value every day.

Easy way to speed long distance calls

You'll get faster long distance service if you give the operator the telephone number you're calling, rather than just the name and address. And to help you keep out-of-town numbers handy, we'll be glad to send you a free booklet to list them in. For your copy, just call, write, or drop in at our business office.

You can save time and steps

For just pennies a day, you can enjoy the privacy and convenience of an extension telephone in any room of your home. Extensions save steps, save time . . . make it easier for the family to place calls, receive calls. No additional outside wires or equipment are needed—just the telephone itself. To get your extension, call our business office. Pacific Telephone.

Joint Ceremonies For Grove Brownies

Ethel Jane Johansen, Troop 70, was mistress of ceremonies last week when an all-Grove Brownie joint program of awards and fly-up ceremonies was held in the cafetorium.

Girls from troops 70, 475 and 554 presented the colors, the pledge and the national anthem.

Rev. Donald Cooke, Lemon Grove Methodist Church, gave the invocation. Brownies from Troops 376, 380, 554, 582, 938 and 1050 took part in a play depicting the Brownie story.

Troop awards were made by Mmes. A. H. Rehberger, E. E. Cavallin, W. H. Smith, R. C. Field, W. Ramsey and A. L. Weedman.

Three troops completed requirements to become Intermediate Girl Scouts and they were given pins and a set of wings. These were Troops 70, led by Mrs. F. O. Johnson; 475 led by Mrs. O. V. Brandt and 554 led by Mrs. W. H. Smith.

REV. PUESCHLE TO OCCUPY PULPIT SUNDAY

Rev. Bruno E. Pueschel who has been named associate pastor of the Lemon Grove Congregational Church will occupy the pulpit this week while Rev. Dan Apra is at Yale University attending a Congregationalist meeting.

Rev. Pueschel who was born in Massachusetts attended the University of Redlands and Boston University. He was ordained in 1945 in Boston and he served in North Berwyn Congregational Church in Illinois and later went to the Community Congregational Church in Condon, Oregon for three years.

Rev. Pueschel, his wife, Barbara and their four children, Sharon, age 13, Judy, 11, Wendy, 10 and Chris, 8 will constitute the first pastor's family with children in the Congregational Church in over 20 years.

Rev. Apra pointed out that Reverends Roberts, McNeal, Wadell and himself had no kids.

Rev. Pueschel will work primarily on programming activities for young people and adults.

'FISHERMEN AND LIARS' STANDINGS GIVEN

Standings in the Lemon Grove Fishermen and Liars contest were released this week by Bill McQueen of the Avalon Cafe and Arthur Berry of the Lemon Grove Home and Auto Supply Co.

As new contestants signed up for a host of prizes the standings looked like this: Dr. Lloyd Adams was leading with a 32 pound 8 ounce yellowtail and in varying amounts also checked in were Roy Najima, 20 pounds 8 ounces, Victor Lee, 17 pounds 10 ounces, Itaka Najima, 16 pounds 6 ounces, Joe LaBerge, 14 pounds 6 ounces and Dr. Amorita Treganza, 13 pounds 3 ounces.

Standings will be published from time to time in the Review until the end of the contest.

MIKE RANDALL STUDENT COUNCIL PREXY

Mike Randall, 7-5 student at the Lemon Grove Junior High and eighth grader in September, easily won the recent student council election for council president. Eliminating others in the field during the primaries, Mike went on ahead as an unopposed candidate in the general election last week to sweep the election.

Elected with Mike Randall to serve during the first semester in the fall were the following officers: John Hale, seventh grade, vice president; Norma Alvarez, seventh grade, secretary; and John O'Connor, seventh grade, treasurer. All seventh graders elected will be in the eighth grade next year.

Room representatives to the council will be elected by the individual classes and clubs in September.

U.N. Charter Study Group Formed

In keeping with Secretary of State John Foster Dulles' request that the people be prepared to take advantage of aiding in the revision of the United Nations Charter in 1955, people throughout the county are organizing UN Charter Discussion-Study groups.

Such groups have already been formed in San Diego, Del Mar, Rancho Santa Fe and Escondido. Similar groups are now being formed in La Mesa, under the leadership of Dr. William Knudtson and Raymond Kniss; in El Cajon under the leadership of Rev. Carl Beharka; and for the Spring Valley and Lemon Grove areas under Oscar L. Thomas Jr.

Anyone interested may join these groups and material for study will be available. The first organizational meeting for all groups in this general area, was held at the Methodist Church, Palm and Lemon Aves., La Mesa, last Tuesday evening. For further information call HO 9 6082.

of cancer, was guest of honor.

Some of the guests whose names I'll list to aid in the reminiscence were: Dr. L. P. White, A. J. Hayes, Joseph Rayman, Joseph O. La Perle, E. Blase, J. E. O'Hara, J. W. Champion, W. G. Murphy, A. L. Jenner, A. S. Kerfoot, W. F. Livesay, Benton Norris, J. W. Parkinson, A. G. Massey, G. W. Robertson, E. E. Blose, P. R. Hoy, L. Schug, A. M. McBride, G. W. Casteel, M. P. White, J. B. Reed, J. J. Glenn, Fred Ferguson, W. A. Powers, J. W. Near, Arthur Hay, B. O. Baxter, W. S. Smith, W. A. DeHoff, J. H. Durkee, J. Halley, A. B. Wood, B. Ballard, George Dedrick, F. D. Silvas, William Leinback, P. S. Lyvers, H. A. Ziereau, J. J. Keely, D. S. Swayne, J. A. Aubert and George Warner.

I am certain that some of these names will tug at your heart-strings of memory as they do mine. Some of these men are still very much alive and active. They have become our most distinguished citizens as I am sure the rest would had they lived.

Looking at our town today in the light of these past events, time does not seem to be simply moving on, it is rushing almost a jet speed.

San Mateo County Offers Unique School Housing Plan

By James Dorais
CALIF. FEATURE SERVICE—

All over the fast growing State of California, no growing pain is more acute than that caused by the subdivision that mushrooms overnight and sends forth a hundred or more school children the next morning to a school that doesn't exist.

School districts faced with the problem have counted up noses, attempted to estimate future noses, drawn up plans for new schools or additions to old schools, and put up bond issues and proposals for State borrowing to a vote of the people. The bond issues haven't always carried. When they do, there is usually a lag of a year or more from the time the money is granted until construction begins. And often as not, when the new school house is finished, another subdivision springs up a mile down the road.

No matter how conscientiously school districts confronted with this problem of rapid growth attempt to cope with the situation, in most cases double sessions, and in some cases triple sessions have to be resorted to.

In one community, however, the little coast town of Linda Mar in San Mateo County, the problem has been solved in a unique way, without resorting to a substandard school program. Through the cooperation of an interested builder, an understanding banker, a good architect, and a forward-looking school board, Linda Mar will have an 11-room school to accommodate the expected enrollment of 350 children in the Fall.

The school district of which Linda Mar is a part will get the new school without a bond issue, without capital investment, even without a long term lease commitment. They will rent the building on a year to year basis, until such time as they are able to finance construction of a district-owned school. The rental cost will be far less than the annual cost of a bus transportation program which would be necessary if Linda Mar children had to be transported to the nearest existing school.

Nub of the Linda Mar plan is construction by builder Andred F. Oddstad, Jr. of 11 houses on adjacent lots next to a future school building site owned by the district. The houses will be like other homes in Linda Mar, but will be built without interior walls. Instead of each being a three-bedroom home, they will be oversize, 40x26 foot classrooms, linked by a covered promenade.

Architect Victor Abramson designed the project so that the cluster of classrooms can be converted into three-bedroom homes, when no longer needed by the school district, merely by removing the breezeways and finishing the interiors. The bank financing the subdivision agreed to accept the builder's assurance that the buildings eventually will be converted to homes, rather than binding the school district to a long term lease.

Linda Mar's solution is a temporary one, to be sure. But it gives the district an opportunity to wait for the subdivision dust to settle before making permanent plans for the future, and it gives Linda Mar children a school to attend, full time, in their own community, without delay. It is a plan that will be viewed with interest by school districts with similar problems all over California.

period from July 13 to 30. Transportation will be furnished by school busses and the entire program will only cost each child 50 cents.

Chaperoned dancing for teen agers will be held each Friday night, 7:00 to 10:00 p.m. at the Youth Center. These dances will be sponsored by the various Service and Civic organizations of Lemon Grove. The Junior Woman's Club is the sponsor of the first dance to be held this Friday, June 25.

According to Director Calderone, arrangements are being planned for a weekend camping trip, mountain outings for parents and child, and other events to be announced at a later date. For information call the District School office, HO 6-3283 for information.

According to Byron Netzley, Superintendent of Schools, this program is the outgrowth of public interest. "Interest in our Youth as manifested by our Service, Social and Civic Clubs of Lemon Grove is certainly proof that our community is destined to be foremost in the field of proper Youth movements," Netzley said. This week the staff will organize classes and correlate instruction. All students and parents wishing to participate are urged to do so this week.

Red Feather 'Thank You' Dinner To Feature Star Guests

Entertainment and guest speakers at the Thank You Dinner in the Don Room of El Cortez Hotel Friday at 7:00 p.m. will include Vincent Price and Bernard and Mildred Lamb, according to La Motte T. Cohu, chairman of the dinner.

Price, star of films and stage, will miss one rehearsal of "The Winslow Boy," in which he stars with Dorothy McGuire. "The Winslow Boy" will open for a two-week engagement at La Jolla Playhouse June 29.

Speakers for the dinner will be Vice Adm. Wilder D. Baker, USN, Ret., president of the Community Chest and George A. Scott, chairman of the Second United Success Drive. No solocitation for funds will be made at the dinner, nor will any requests be made for campaign committments, Cohu said.

Thank You Week began Saturday with two Youth Day events. Members of Red Feather youth agencies were guests at the Recruit Brigade Review at the Naval Training Center and of the San Diego Baseball Club management for the game between the Padres and the Seattle Rainiers at Lane Field.

Church day, in which all major faiths participated, was Sunday. Folders containing listings of Red Feather service agencies and how the campaign money is spent were distributed to members of churches and synagogues throughout San Diego County.

Open house was held Monday at the United Success Headquarter and Public Information Day was held Wednesday, June 23, at the Advertising Club luncheon.

Woman's Club to Be Host at Federation

Lemon Grove Woman's Club will host a luncheon Monday at 12:30 p.m. for the officers and members of the County Federation Summer Conference at the Lemon Grove Woman's clubhouse in Lemon Grove.

Mrs. Howell, Mrs. Ralph Richardson and Mrs. F. Eldredge will be in charge of refreshments, assisted by Mrs. R. B. Hayhurst, Mrs. O. A. Patterson, Mrs. H. Vernier, Mrs. J. Yeo, Mrs. R. Curry, Mrs. A. P. Schnell, Mrs. Schuyler Read, Mrs. Hal Crow, Mrs. J. Gillespie, Mrs. J. Martin, Mrs. G. Loveday, Mrs. C. Furer, Mrs. P. Harvey and Mrs. L. F. Vlach.

Decorating Committee, Miss Clara Sonka, Mrs. Fred Johnson and Mrs. Wesley Herbert.

The outgoing and incoming officers and Board members enjoyed a delicious luncheon at Rose Hedge Manor in La Mesa Wednesday, June 16.

An organizational meeting of The Modern Homemakers will be held on June 29, 1:30 p.m. at the Woman's Club house, Lemon Grove. This is to be a new Section which will start in September and is a Sr. and Jr. project under the very capable direction of Mrs. Frank Eldredge, Sr., assisted by Mrs. G. Davis of the Jrs.

Where winters are mild, four out of five houses suffer termite damage, a survey reveals. But foundation wood, pressure-treated with copper-arsenate salts, resists both termites and decay. The added cost is less than 1%.
